

ENVIRONMENTAL & SUSTAINABILITY ENGAGEMENT OFFICER

Contract: Permanent 37 hours per week

Rate of pay: SCP 19 – 22 £29,777 - £31,364 Starting Salary of £29,777

Location: Flexible homeworking & Ostreme Centre, Mumbles

The Environmental and Sustainability Engagement Officer role at Mumbles Community Council is a key position in our efforts to combat climate change. The successful candidate will be instrumental in promoting environmental and ecological sustainability, enhancing the natural environment, and supporting and advising on zero carbon measures and campaigns to support the Council's Climate Emergency Action Plan.

The successful candidate will have a real passion for the natural environment and wildlife. They will ideally be qualified to degree level in a relevant subject and have experience working in an ecological, conservation, or environmental role. They will provide practical advice, support, and develop campaigns to promote and engage with various stakeholders on environmental sustainability initiatives.

We are looking for a proactive, self-motivated candidate with a real passion for the natural environment and wildlife. The successful candidate will have excellent communication and people skills and will enjoy developing partnerships with a range of different local organisations to help engage the local community in sustainability initiatives. They will be conscientious and organised, with the ability to plan and organise their own workload and work unsupervised. They will enjoy working outdoors and be confident to take responsibility for the health and safety of volunteers and others under their supervision.

The post holder will be expected to work flexibly with the occasional need to attend evening meetings and activities organised over weekends.

Please send your CV and cover letter to
kerryleighgrabham@mumbles.gov.uk

Closing date: 31st July at 5 pm.

Interviews will take place on Wednesday 7th August.
