Minutes of Meeting of the Environmental Committee held on 24 January 2022 at 6 pm by videoconference (Zoom)

Councillors Present: Sara Keeton (Chair), Rebecca Child, Pam Erasmus, Rebecca Fogarty & Carrie Townsend Jones

Co-opted Members Present: Ed Hall & Enna Smith

Officers Present: Steve Heydon

EN2201-01 Apologies: Richard Jarvis (Vice-Chair),

EN2201-02 Declarations of Interest

None.

EN2201-03 Minutes of previous meetings

RESOLVED to approve the minutes of the meeting held on 22 November 2021 as a true record.

RESOLVED to approve the minutes of the meeting held on 13 December 2021 as a true record.

EN2201-04 Actions arising from previous meetings

RESOLVED that this be noted.

EN2201-05 Report on Current Projects

Carrie read report on e-cargo bike meeting.

ACTION: Grass Verges – Clerk to arrange site visit to six areas and then EEO to order turf urgently.

ACTION: Carrie site visit to discuss Swansea Council's 'wildflower' schemes.

ACTION: Claire to produce social media campaign asking for suggestions for places for flowers.

ACTION: Carrie to obtain further details of railings for Wildlife Signs manufacture.

ACTION: Clerk to arrange site visit with Paul Griffiths to path to discuss best solution.

ACTION: Awaiting quote Swansea Council for how many bus shelter cleans we get for £1,000.

ACTION: Site visit to agree positioning

EN2201-06 Environmental Engagement Officer's Report

No report available.

EN2201-07 SMUGS

It was reported that three successful volunteer days have taken place with huge process.

EN2201-08 E-Cargo Bikes

Ed has contacted Bikeability arranged training for him and Richard to be held on 9 February 2022.

EN2201-09 Plastic Free Mumbles Meeting – 21 January 2022 at 10 am

Meeting went well.

ACTION – to get a working group together.

ACTION – Clerk to obtain NRW materials mentioned during the meeting.

EN2201-10 PFM – Drain Campaign

Rebecca Fogarty considering using personal allowance- entrance to castle acre for 'art on the pavement', perhaps using chalk designs initially. Could encourage schools and youth groups.

AGREED that quotes be obtained, and a chalk-designed schools' competition be held.

RECOMMEND that £5,000 be vired from the Climate Change funding budget and remainder to be sent

EN2201-11 West Cross Placemaking

Still awaiting Swansea Council Highways department decision.

EN2201-12 Mumbles in the Loop – West Cross Bins

Bins sites have been chosen and permissions been given.

AGREED not to move the Top Shop bins as 'Placemaking' still outstanding.

EN2201-13 Reusable Nappies Video

Filming was done in the summer.

ACTION – Clerk to obtain footage.

RECOMMEND that a videographer be asked to quote to complete this and two other plastic free Mumbles.

EN2201-14 Pond at Fairwood Park

Site now cleared. Biodiversity officer to suggest some planting. Explanatory signage needed.

EN2201-15 Finance Report

RESOLVED that this be noted.

EN2201-16 Budget 2022/23

No action needed.

Meeting closed at 7.41pm

Report Actions arising from previous meetings

Meeting paper for Environmental Committee – 28 February 2022

Environmental Engagement Officer's Report: February 2022

Environmental work in February has focused mainly on the Sustainable Mumbles Urban Green Spaces, which is funded by The National Lottery's Heritage Fund. Other work this month has included planning nature themed activities for the Winter Family Fun days, meeting with volunteers for the Plastic Free Mumbles campaign and developing a plan for wildflower planting around the Mumbles.

Norton Nature Reserve and Community Garden:

The Sustainable Mumbles Urban Green Spaces project in Norton has undergone some significant developments this month. This project A line of over 20 metres of native trees have been planted, which will be grown and shaped over time into a hedgerow around the perimeter of the site. A variety of native bulbs have been planted, including bluebells, Tenby daffodils, snake's head fritillary and snowdrops. The snowdrops have started flowering, and we expect the rest to flower over the next couple of months. The pond and marsh area have been filled by recent rainfall. Native pond plants will be planted shortly. A wildlife feeding station has been created, providing food for local birds, squirrels and hedgehogs. The food growing project on site has also progressed, with raised beds and starter seeds purchased for each of the community groups who are collaborating with us for this project. Photographs from the site can be seen below. Source: Jasmine Weedon.

Pond and marsh area.

Feeding station.

Snowdrop bulbs flowering.

Volunteers planting native trees.

You can now find the location and details for the Norton Nature Reserve and Community Garden on Google and Google maps: [Here](#).

Plastic Free Mumbles:

This month volunteers from the Plastic Free Mumbles campaign have been working on a second round of reusable coffee cups #PickUpYourCup campaign. We have also been collecting quotes for a drain painting water awareness project and installing the ballot bins for the #BinTheButt campaign.

Water quality working group:

At the end of January we ran a public meeting with representatives from Natural Resources Wales and Welsh Water to discuss public concerns about water quality in local bays and rivers. This was a productive initial meeting, helping to explain current legislation and infrastructure that relates to water quality and monitoring. The meeting also established contacts from each of these groups who have agreed to meet with us again in future to discuss this important matter further. Notes from this meeting will be available to the public via our website and @Mumbles Community Council Environmental Facebook page by the end of February. Following this meeting, the Mumbles Community Council Environmental Committee has established a Water quality working group to focus on this issue and raise awareness of possible solutions.

Bat Walk:

On February 11th we ran a bat spotting walk around the Castle Woods and the Norton Nature Reserve. Although we didn't have any definite bat sightings on this walk, we did hear a range of woodland birds roosting, and saw squirrels at the wildlife feeding station. We are planning another bat walk for April, which is the ideal time in the year to spot bats, so we hope we will have an even more success walk then. Details for this walk and future environmental events will be published on our website www.mumbles.gov.uk and our @Mumbles Community Council Environmental Facebook page.

Family Fun Days:

Winter Family Fun days will be running from 22nd February to 25th February at a range of locations in the Mumbles. A variety of different activities have been planned for each day, including nature based activities run by our Environmental Engagement Officer. These will include simple instructions for how to make a bird feeder, a minibeast hotel and how to plant a wildflower. As well as colouring activities that teach about habitats and the ecosystems found in the Mumbles and it's twin towns: Hennebont (in France) and Harve de Grace (in America).

Volunteering opportunities next month:

Volunteering days will be running on the following dates in March.

March 2nd Community Orchard: 1.30pm to 3.30pm. Mulching and Pruning day.

March 5th Norton Nature Reserve and Community Garden: 10.00am to 12.00pm. Path creation and raised beds.

March 9th Norton Nature Reserve and Community Garden: 2.00pm to 4.00pm. Tree planting.

March 12th Jubilee Garden: 10.00am to 12.00pm. Mindful Gardening.

March 16th Community Orchard: 2.00pm to 4.00pm. General maintenance.

March 19th Norton Nature Reserve and Community Garden: 2.00pm to 4.00pm. General maintenance and gardening activities.

March 23rd Norton Nature Reserve and Community Garden: 2.00pm to 4.00pm. General maintenance and gardening activities.

March 26th Jubilee garden: 10.00 am to 12.00pm. Mindful Gardening.

March 30th Community Orchard: 2.00pm to 4.00pm. General maintenance.

Severn Vision Project

Meeting paper for Environmental Committee Meeting on 21 February 2022

Agenda Item: 6

Recommendation:

Council is asked to consider becoming a partner in the project.

The reason I'm writing is to ask if MCC and the Environmental Committee would be interested in engaging with a partnership project called the Severn Vision which spans across England and Wales (partners are NRW, various Wildlife Trusts, RSPB etc).

The project aims to engage local coastal communities to look at building a framework for nature-based solutions (NbS) across the Severn Estuary, mostly for sea level rise and flooding.

Engaging with the project would involve a councillor representative who attends free workshops to develop and discuss plans for building resilience via NbS in Gower, Mumbles and Swansea.

I plan to engage on the project as a coastal coordinator for this area, however, they are looking for councillors to engage also.

It's a huge project with catchment running all the way to Port Eynon!

It's a fantastic project with huge potential to lead in this area. If you are interested, I can put you in touch with the engagement team.

Madison Bowden-Parry

THE GREAT BRITISH SPRING CLEAN 2022

25 MARCH - 10 APRIL 2022

This Spring, join Keep Britain Tidy as the **Great British Spring Clean** returns for its seventh year.

Taking place from **25 March - 10 April 2022**, this year our message is simple: join our #BigBagChallenge and pledge to pick up as much litter as you can.

Last year, people up and down the country came together to clean up a million miles of our great outdoors, and proved that when hundreds of thousands of #LitterHeroes all join forces and take the same action at the same time, the difference we can make is huge.

Every act to protect the environment, no matter how small, makes a difference - a difference to our planet, to the wildlife that we share it with, to our communities, and to our own health and well-being.

Go to keepbritaintidy.org and pledge now.

BENEFITS OF GETTING INVOLVED

98% agreed that it reduces the impact of litter on wildlife and the natural environment

91% felt more pride in their local area

86% agreed that it helped to improve their mood

52% said that it helped them to meet new people and make friends

In 2021, 56% of participants said that taking part helped them to feel more active

Natur a Ni

Pa ddyfodol ydyn ni eisiau ar gyfer ein hamgylchedd naturiol?

Nature and Us

What future do we want for our natural environment?

Dear Stakeholder,

Over the next ten weeks, Natural Resources Wales in collaboration with the Welsh Government is hosting a Wales-wide conversation about the future of our natural environment. It's called **Nature and Us**. Nature and Us involves the people of Wales in a national conversation about the natural environment. The aim is to develop a shared vision for the year 2050 and consider the changes we need to make leading up to 2030 and 2050, as individuals and as a country

We want everyone in Wales to have their say and there are lots of ways people can get involved: Completing a Nature and Us survey, taking part in one of our online events or volunteering for a focus group. Most of this is online but there is help for those who find accessing the internet a bit more difficult.

The natural environment is vital for all of us: the climate and nature emergencies are already happening and affecting us all. Conversations about the importance of taking action for our natural environment have also been building over a number of years. That's why we need a shared vision – a vision that has been developed in collaboration with the people of Wales that we can all get behind and work to achieve. This won't be NRW's vision – it will belong to everyone in Wales.

The first part of the campaign will happen online at www.natureandus.wales – and it all starts on the **17th of February 2022**. However, we are writing to you in advance to ask for your help and support in spreading the word and ensuring as many people as possible get involved.

Today, we are sharing with you a link to the **Nature and Us Stakeholder Toolkit**. It contains several downloadable campaign resources (eg. graphics, videos, images, posters) which can be shared digitally or physically with your networks. It also includes examples of content, which can be posted as social media messages (using the hashtag #NatureandUs) or shared as articles via your website, internal or external newsletters. These explain how people can get involved and have their say.

To access the toolkit, follow the link and enter your details Nature and Us Stakeholder Toolkit.

[Download the stakeholder toolkit](#)

Your personal data will be processed in line with GDPR requirements and not be shared with anyone outside the Nature and Us programme. [Read our privacy notice.](#)

We are sharing this toolkit with you today to make it easier to plan how and when you use the materials. However, it is important that you do not share these materials publicly, until the national conversation officially opens at **09:00AM on the 17th of February**.

Bringing organisations and individuals together and starting a national conversation about the natural environment is an important first step in developing a shared vision. If you're able to support the campaign, please email us at natureandus@naturalresources.wales and let us know how you intend to share the content.

If you know of anyone else who may also be interested and willing to get involved, please feel free to put them in touch with us or pass on their details.

Thank you in advance for any support you can provide to the **Nature and Us** campaign, we look forward to working with you.

Yours sincerely,

Sarah Williams

Nature and Us Programme Executive
